

## Carol Shibel

### Middle School Science / Middle School Principal

Carol Shibel earned a Bachelor of science degree in Kinesiology from UCLA. She went on to receive a multi subject credential and a single subject PE credential from UCLA as well. Carol began teaching science at CHA the first year the school opened as the Neighborhood School or NSPC and has continued teaching there when the school became Granada Preparatory School this year. During her time with CHA/GPS, she has taught science, computers, algebra, and physical education as well as coaching several teams and being involved with student council. She is also the 8th grade advisor. Carol has always been fascinated by science and the natural world, and the IB program provides the perfect framework for teaching science and encouraging kids to explore.
